Here's real battle authenticity. This menacing hand grenade looks and works just like a real one. All you do is pull the pin, throw the grenade, and watch the fun as the caps explode. SILENT DOG WHISTLE
Here's the modern way to call your dog and train him to your command. The whistle can't be heard by human ears, but Rover can hear it half a mile away. In just a few minutes, your dog will understand that this whistle is for him alone—and you'll be amazed how quickly and easily he responds. Same type of whistle is used to direct dogs in the movies. Nickel plated.

SAMPLE A NEW NATURE HOBBY FOR YOU AND YOUR FAMILY—SPONSORED BY THE NATIONAL AUDUBON SOCIETY

MEET TRICERATOPS, a three-horned dinosaur that roamed the plains of Wyoming a hundred million years ago. His head was so big that it took up about a third of his 25-foot length, but his brain was no larger than your fist!

Take this thrilling "Tour" through

THE AGE OF THE DINOSAURS

for only 10¢

TO HELP COVER SHIPPING CHARGES

THE MOST FEROCIOUS FLESH EATER that ever lived, **Tyrannosaurus Rex** stood 20 feet tall and had a mouthful of vicious teeth 3 to 6 inches long. Although we think of dinosaurs as always being gigantic, some were no larger than chickens! Each month you'll make hundreds of fascinating nature discoveries as a member of this wonderful new program sponsored by the National Audubon Society.

WHY DO ELEPHANTS HAVE TRUNKS? Over millions of years, the elephant's ancestor, the mastadon, lost his long lower jaws and tusks for scooping up food. So his nose developed into a trunk to gather food, since his mouth could not reach the ground.

Discover the world as it was in Prehistoric Times... and get to know thousands of other fascinating nature facts in future Album Guides!

IMAGINE the fun and excitement of taking a thrill-packed "trip" back to the Age of the Dinosaurs, when the largest land animals ever known roamed and ruled the earth! Now, through this unique Nature Program — sponsored by the National Audubon Society — you can see and know the world as it was at the beginning of time: to explore the story of life, and watch life's miraculous development—as certain sea dwellers inhabit the land, and certain land animals, in turn, take to the air in flight! This entire fascinating "tour" is yours to enjoy in the $2.00-Value Gift Package described below—*for only 10¢ to help cover the cost of shipping!*

To introduce you to this exciting Nature Program, you can receive for just a dime (1) a magnificent set of 29 full-color photoprints showing the most interesting animals of Prehistoric Times; (2) a fact-filled 56-page illustrated Album Guide in which to mount the pictures; and (3) an extra educational handbook on birds.

Here's how the Nature Program works: Each month a different "expedition" is planned, and a set of about 30 full-color prints is issued, together with a 7500-word picture text in which to mount them. Guided by wise, companionable experts, you *explore* nature's closely-guarded secrets—strange, almost unbelievable wonders you can find in nearby parks, or in your own backyard. Best of all, you can *collect* your own "museum-at-home" of albums about all of nature's oddities for your family to enjoy.

And the total cost of these monthly "adventures" is so very low: only $1.00 for each album and series of pictures, plus a few cents shipping. But you assume no obligation when you send in a dime for your introductory package. You may discontinue your participation at any time. Mail the coupon today to: The Audubon Nature Program, Dept. AC-0 Garden City, N. Y.

IN FUTURE NATURE PROGRAM ALBUMS you'll discover hundreds of wondrous facts about the world of nature around you. About the great owls who hunt their prey in almost total blackness, the witchhazel seed pod which explodes with the "crack" of rifle shot, and shoots its seeds as far as 45 feet. Yes, every month you'll range through the plant and animal world, finding out about nature's amazing ways!

THE AUDUBON NATURE PROGRAM
Dept. AC-0 Garden City, New York

I enclose ten cents. Please send me at once my introductory package consisting of (1) the informative album, "Prehistoric Life", (2) the series of 29 full-color photoprints to mount in the album, and (3) my EXTRA FREE GIFT, the illustrated handbook, "Fun With Birds."

After examining my introductory package, I will write you within 10 days if I do not wish to continue with the Program. Otherwise, I understand you will send me a new Nature Album complete with a set of color prints every month, for only $1 each plus shipping. I am not obligated to take any minimum number of future albums, and I may cancel my subscription at any time I wish.
